professions recruitment grant shall contain the following:

(1) A description of the legal status and organization of the applicant;

(2) A description of the current and proposed participation of Indians (if any) in the applicant's organization.

(3) A description of the target Indian population to be served by the proposed project and the relationship of the applicant to that population;

(4) A narrative description of the nature, duration, purpose, need for and scope of the proposed project and of the manner in which the applicant intends to conduct the project including:

(i) Specific measurable objectives for the proposed project;

(ii) How the described objectives are consistent with the purposes of section 102 of the Act;

(iii) The work and time schedules which will be used to accomplish each of the objectives;

(iv) A description of the administrative, managerial, and organizational arrangements and the facilities and resources to be utilized to conduct the proposed project;

(v) The name and qualifications of the project director or other individual responsible for the conduct of the project; the qualifications of the principal staff carrying out the project; and a description of the manner in which the applicant's staff is or will be organized and supervised to carry out the proposed project;

(5) An itemized budget for the budget period (normally 12 months) for which support is sought and justification of the amount of grant funds requested;

(6) The intended financial participation, if any, of the applicant in the proposed project specifying the type of contributions such as cash or services, loans of full or part-time staff, equipment, space, materials or facilities or other contributions;

(7) When the target population of a proposed project includes a particular Indian tribe or tribes, an official document in such form as is prescribed by the tribal governing body of each such tribe indicating that the tribe or tribes will cooperate with the applicant.

(c) In the case of proposed projects for identification of Indians with a potential for education or training in the

health professions, applications must include a method of assessing the potential of interested Indians for undertaking necessary education or training in the health professions. Proposed projects may include, but are not limited to, the following activities:

(1) Identifying Indian elementary and secondary school students through observations, aptitude or other testing, academic performance, performance in special projects and activities, and other methods as may be designed or developed;

(2) Identifying Indians in college or university programs, related employment, upward mobility programs or other areas of activity indicative of interest and potential;

(3) Review of the upward mobility plans, skills, banks etc. of organizations employing Indians to identify individuals with appropriate career orientations, expression of interest, or recognized potential;

(4) Conducting workshops, health career days, orientation projects or other activities to identify interested Indians at any age level;

(5) Performing liaison activities with Indian professional organizations, Indian education programs (including adult education), Indian school boards, Indian parent, youth recreation or community groups, or other Indian special interest or activity groups;

(6) Identifying those Indians with an interest and potential who cannot undertake compensatory education or training in the health professions because of financial need.

(d) Proposed projects designed to encourage and assist Indians to enroll in health professions schools; or, if not qualified to enroll, to undertake post-secondary education or training required to qualify them for enrollment may include, but are not limited to, the following activities:

(1) Providing technical assistance and counseling to encourage and assist Indians identified as having a potential for education or training in the health professions—

(i) To enroll in health professions schools.

(ii) To undertake any post-secondary education and training required to

qualify them to enroll in health professions schools, and

(iii) To obtain financial aid to enable them to enroll in health professions schools or undertake post-secondary education or training required to qualify them to enroll in such schools;

(2) Conducting programs to (i) identify factors such as deficiencies in basic communication, research, academic subject matter (such as science, mathematics, etc.), or other skills which may prevent or discourage Indians from enrolling in health professions schools or undertaking the post-secondary education or training required to qualify them to enroll, and (ii) provide counseling and technical assistance to Indians to assist them in undertaking the necessary education, training or other activities to overcome such factors.

(e) Proposed projects to publicize existing kinds of financial aid available to Indians enrolled in health professions schools or to Indians undertaking training necessary to qualify them to enroll in such schools may include, but are not limited to, the following activities:

(1) Collecting information on available sources of financial aid and disseminating such information to Indian students, Indians, recruited under programs assisted by grants under this subdivision and to Indian tribes, tribal organizations, urban Indian organizations, Indian health organizations and other interested groups and communities throughout the United States;

(2) Providing information on available sources of financial aid which can be utilized by programs and counselors assisting Indians to obtain financial aid.

(f) Proposed projects for establishment of other programs which will enhance or facilitate enrollment of Indians in health professions schools and the subsequent pursuit and completion by them of courses of study in such schools may include, but are not limited to, the following activities:

(1) Compilation and dissemination of information on—

(i) Health professions education or training programs and the requirements for enrollment in such programs; and

(ii) Post-secondary education or training curricula and programs designed to qualify persons for enrollment in health professions schools;

(2) Developing and coordinating career orientation programs in local schools (including high schools) and colleges and universities;

(3) Developing programs to enable Indians to gain exposure to the health professions such as arranging for (i) visits to health care facilities and programs and meetings or seminars with health professionals, (ii) part-time summer or rotating employment in health care facilities, programs, or offices of health professionals, (iii) volunteer programs, or (iv) other means of providing such exposure;

(4) Developing programs which relate tribal culture and tradition, including native medicine, to careers in the health professions; and

(5) Developing programs to make Indians aware of projected health manpower needs, expected employment opportunities in the health professions, and other factors in order to orient and motivate Indians to pursue careers in the health professions.

§ 136.313 Evaluation and grant awards.

(a) Within the limits of funds available for such purpose, the Secretary, acting through the Service, may award health professions recruitment grants to those eligible applicants whose proposed projects will in his judgment best promote the purposes of section 102 of the Act, taking into consideration:

(1) The potential effectiveness of the proposed project in carrying out such purposes;

(2) The capability of the applicant to successfully conduct the project;

(3) The accessibility of the applicant to target Indian communities or tribes, including evidence of past or potential cooperation between the applicant and such communities or tribes;

(4) The relationship of project objectives to known or anticipated Indian health manpower deficiencies;

(5) The soundness of the fiscal plan for assuring effective utilization of grant funds;

(6) The completeness of the application.

(b) Preference shall be given to applicants in the following order or priority: (1) Indian tribes, (2) tribal organizations, (3) urban Indian organizations and other Indian health organizations, and (4) public and other nonprofit profit private health or educational entities.

(c) The Notice of Grant Awards specifies how long the Secretary intends to support the project period without requiring the project to re-compete for funds. This period, called the project period, will usually be for one to two years. The total project period comprises the original project period and any extension. Generally the grant will be for a one year budget period, any subsequent award will also be a one year budget period. A grantee must submit a separate application for each subsequent year. Decisions regarding continuation awards and the funding level of such awards will be made after consideration of such factors as the grantee's progress and management practices, and the availability of funds. In all cases, awards require a determination by the Secretary that funding is in the best interest of the Federal Government.

(d) Neither the approval of any application nor the award of any grant commits or obligates the Federal Government in any way to make any additional, supplemental, continuation, or other award with respect to any approved application or portion of an approved application.
